Continuous development pilot: all three public starts, objective-only selection
Known-wall oracle
Ordinary joint macro-cell FWI
Effective macro FWI
Objective selects S2
All three runs: NONCONVERGED
Objective selects S0
All three runs: NONCONVERGED
Objective selects S2
All three runs: NONCONVERGED
Actual position error / lambda0
Whitened least-squares objective
Public start S0: all calls
Public start S1: all calls
Public start S2: all calls
Selected by lowest objective
Position gate .1 lambda0
